

BRANTLY FLIGHT MANUAL – REVISION PAGE LIST

Purpose: The purpose of this check list is to help the owner of a Brantly B-2, B-2A or B-2B helicopter to make sure his flight manual has the latest revision date for each page. Flight Manuals should be kept up to date. If you believe there is an error in this document (such as a later page revision we didn't consider), please contact the Brantly Engineering department. To purchase any Brantly documentation, including Flight Manuals, please contact the Brantly Parts Sales department.

Model B-2B: The model B-2B flight manual was reissued in 1996.							
Page	Rev.	Page	Rev.	Page	Rev.	Page	Rev.
Cover	11/11/96	1 to 22	11/11/96	App. A, 1 to 3	11/11/96	App C (2)	N/A
A to D	11/11/96	Floats, 1 to 4 (1)	11/11/96	App B	11/11/96		

- (1) The pages for the Floats are required only if this kit is installed.
- (2) Appendix C is in fact the “Weight and Balance Form”. It should be filled out with information specific to your ship. Flight manuals sold as spares (not included with a new ship) should include a blank App C. At this time, an FAA approved blank App C is not ready for publication.

Model B-2A: Same as B-2 below except as follows.			
Page	Rev.	Page	Rev.
Nav. Lights (1)	2/15/62	Heater (2)	12/21/62

- (1) This page shows the date 2/15/62, and “page 1 of 1” in the footer. The header includes “Model B-2”, and “Navigation Lights”. The text ends with “(...) on model B-2A helicopters.”. This page is required only if this kit is installed. Error: This page was revised on 12/21/62, per page B, but the footer was not updated.
- (2) This page shows “page 1 of 1” in the footer. The header includes “Model B-2”, and “Cabin Heater”. The text starts with “The model B-2A has been approved for (...)”. This page replaces the “Cabin Heater” page found in the B-2 manual. This page is required only if this kit is installed.
